# Boron made by Organic 3

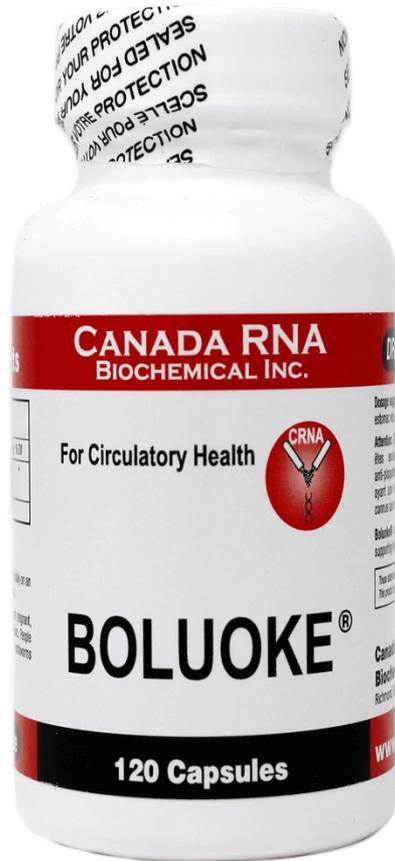

- \* Boron is an important, little-known trace mineral for health maintenance.
- \* Elemental boron plays a crucial role of helping integrate calcium into the bone. This is important for all of us as we age.
- \* Aging is partly associated with weakening of the bones as they become increasingly porous, and adequate boron can help maintain bone health.
- \* Boron can also naturally help support sex hormones and maintain cholesterol levels that are already normal.

# EDTA by quicksilver

- \* The Detox Qube with EDTA contains every necessary component for systemic support of the glutathione system in order to better facilitate natural detoxification processes.
- \* Contains potent liposomal spray formulation of the essential antioxidant glutathione / vitamin C
- \* Clear Way Cofactors capsules provide even further antioxidant content

# Boluoke by Canada RNA biochemical

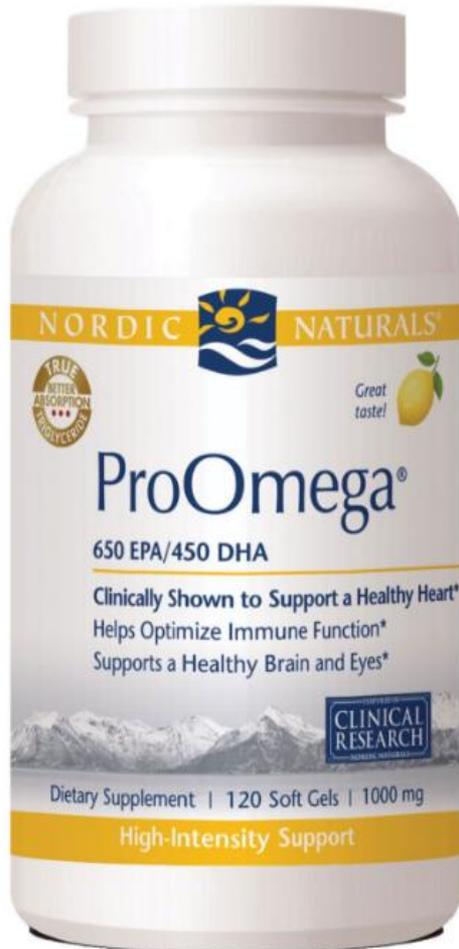

- \* Supports and maintains healthy coagulation activity of the body
- \* ⇒ activates plasminogen system & hydrolyzes fibrin directly
- \* Supports and maintains healthy coagulation activity of the body.
- \* Supports lowering whole blood viscosity & plasma viscosity.

# Vivascale professional for hair growth

- \* Vivascale hair growth supplements nourish thinning hair follicles and promote existing hair growth from within in four stages. Users may notice a difference in as little as three or four months.
- \* **Stage 1**
- \* Nourishes hair follicles from within
- \* **Stage 2**
- \* Strengthens and promotes the growth of existing hair
- \* **Stage 3**
- \* Promotes the growth of hair that has slowed or stopped growing
- \* **Stage 4**
- \* Hair is noticeably stronger, healthier and more vibrant

# Nordic Naturals Pro-Omega

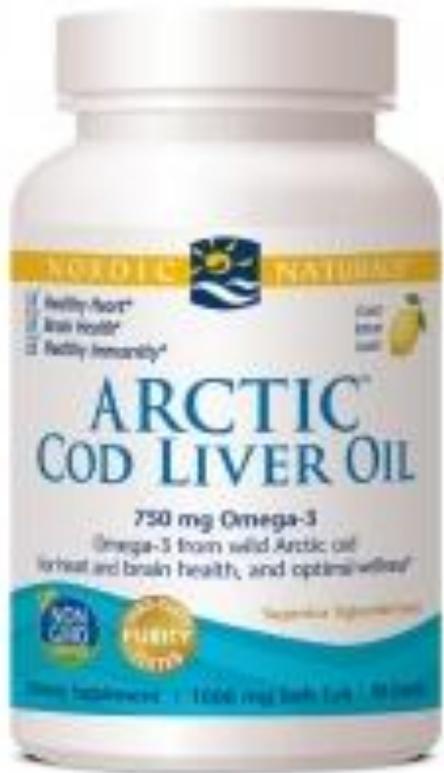

- Designed to provide exceptionally high levels of omega-3 fats EPA and DHA.
- ProOmega has been shown by original research to support healthy glucose levels, healthy lipid levels in professional athletes, bronchial health and their body's ability to respond to stress in a healthy way.
- 650 EPA/450 DHA

# Nordic Naturals Pro-Omega Jr.

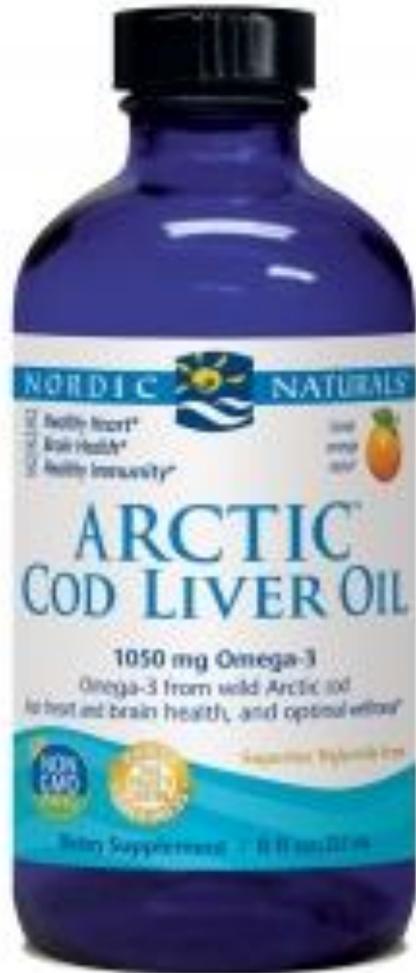

- Each serving provides a total of 640 mg of omegas.
- “Half size” easy-to-swallow or chewable soft gel is ideal for adults and children who cannot swallow large pills.
- ProOmega Junior uses the same double-strength formula found in Nordic Naturals ProOmega in a smaller 500 mg soft gel.
- ProOmega Junior is in a natural triglyceride form which is 70% more absorbable than the ethyl ester form found in other fish oils.

# Nordic Naturals Arctic Cod Liver Oil Caps

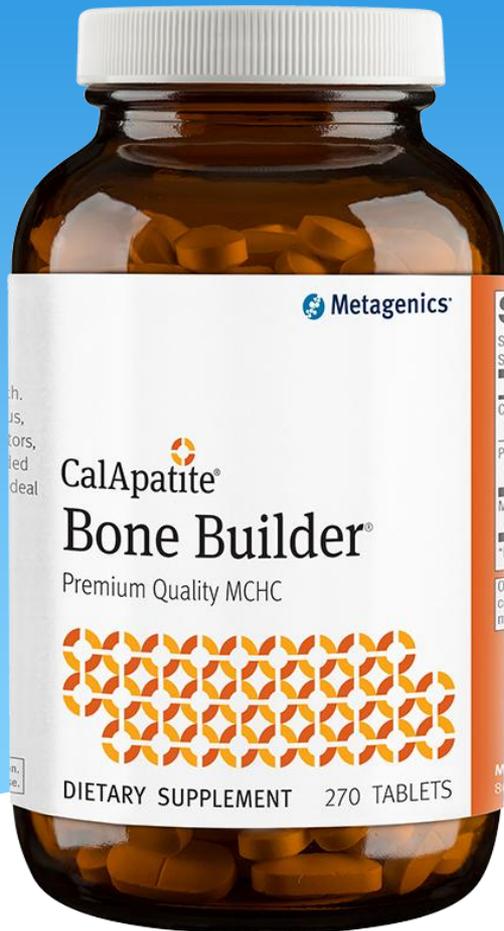

- Made from 100% wild Arctic cod (Skrei)—no other fish oils or synthetic additives are ever used.
- Promotes heart and brain health.
- The fish oil that started it all, Arctic Cod Liver Oil™ (CLO) has always been derived from 100% wild Arctic cod—no other fish oils or synthetic additives are ever used.

# Nordic Naturals Arctic Cod Liver Oil

- Nordic Naturals Arctic Cod Liver Oil™ (CLO) is made from 100% wild Arctic cod.
- No fish body oils or synthetic vitamins or additives are ever used.

# Metagenics Cal Apatite® Bone Builder®

- Ideal for patients who prefer smaller tablets
- MCHC as a source of calcium helps support bone mass and slow age-related bone loss
- MCHC is an excellent source of bioavailable calcium, as well as a full spectrum of minerals and intact organic factors for comprehensive bone nourishment

# Metagenics CandiBactin-BR®

- Combines berberine hydrochloride, Oregon grape extract, and coptis root extract, with a proprietary extract of Chinese herbs
- Including ginger, licorice, and skullcap
- Supports detoxification of the liver and gallbladder, as well as healthy immune, detoxification, and elimination functions.

# Metagenics CoQ10 ST-200™

- Stabilized encapsulation of coenzyme Q10 (CoQ10) manufactured specifically for stability, purity, and bioavailability.
- Essential for energy production and is of particular importance in supporting cardiovascular health.
- Potent antioxidant properties and cell membrane stabilizing effects, and may help maintain healthy blood pressure already in the normal range.
- Also provides the antioxidant vitamin E.

# Metagenics Hemagenics®

- Hemagenics® is a blend of
  - Iron
  - B vitamins
  - Nutritional factors designed to support healthy red blood cells.

# Metagenics Mag Glycinate Magnesium

- Magnesium amino acid chelate designed to enhance absorption and intestinal tolerance.
- Absorbed similar to amino acids and unlike typical mineral ion absorption.
- Not dependent on stomach acidity for absorption.
- Improve bowel tolerance of magnesium.
- Essential mineral acting as a cofactor in many metabolic processes. Magnesium also supports muscle relaxation and nervous system health.

# Metagenics Niatain®

- High quality form of extended release nicotinic acid designed to reduce the flushing normally associated with niacin intake.
- Formulated with a non-wax coating for effective dissolution and tested for reduced flushing.
- Niacin has been extensively researched and endorsed as support for healthy lipid metabolism.

# Metagenics Zinc A.G.™

- Features zinc as an amino acid chelate with arginine and glycine designed to be highly absorbable and well tolerated.
- Zinc is especially important for immune and tissue health.
- Zinc is a component of numerous enzymes in the body related to energy metabolism, bone mineralization, and protein synthesis—and plays a role in male reproductive health.

# Metagenics Zinc Drink™

- Provides zinc in a convenient liquid supplement that can be mixed with water or juice.
- Essential trace mineral that is needed for the activity of numerous enzymes associated with energy metabolism.
- Plays an important role in maintaining healthy immune system function.

# Metagenics Adrenogen

- Provide nutritional support for healthy adrenal function
- High quality raw adrenal concentrate with select B vitamins
- Adrenal concentrate is guaranteed raw (processed below 37°C)

# Orthomolecular Bergamot BPF

- Bergamot BPF contains a powerful and unique array of cholesterol-balancing and cardio-protective polyphenolic flavonoids.

# Orthomolecular Candicid Forte

- Candicid Forte supports optimal GI microflora balance through a blend of nutrients, natural botanical extracts and fatty acids.

# Orthomolecular CoQ-10 300 MG

- Bergamot BPF contains a powerful and unique array of cholesterol-balancing and cardio-protective polyphenolic flavonoids.

# Orthomolecular Cystistatin

- Cystistatin combines a unique botanical blend to help maintain a healthy urinary tract.

# Orthomolecular DHEA 5mg

- Dehydroepiandrosterone (DHEA) is the most prevalent, naturally occurring hormone in the body. DHEA functions as the counterpart to the stress hormone cortisol.
- Healthy DHEA levels help balance the catabolic effects of cortisol.

# Orthomolecular Flax Seed Oil

- Flax Seed Oil includes both alpha-linolenic acid and linoleic acid which are considered essential fatty acids because they are required for human health, but cannot be synthesized by the body.

# Orthomolecular Lithium Orotate

- The Lithium Orotate formula supports a positive mental outlook, supports detoxification enzymes in the brain, and boosts neurotransmitter activity.

# Orthomolecular Melatonin

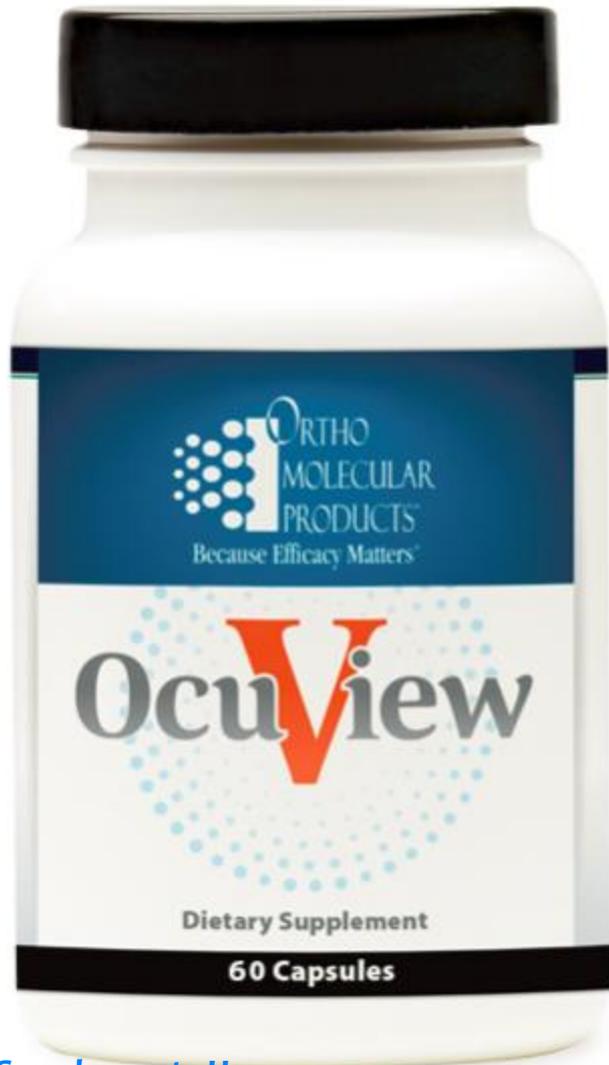

- Melatonin plays a key role in regulating the body's circadian rhythm. Melatonin can be helpful in regulating sleep cycles in individuals who have irregular sleep patterns.

# Orthomolecular Methyl CpG

- Methyl CpG is a comprehensive formula that includes targeted amounts of five key nutrients designed to support methylation and homocysteine balance in the body.

# Orthomolecular OcuView

- OcuView includes a unique blend of key nutrients, formulated based on current research, which have been shown to maintain the long-term health of the eyes.

# Orthomolecular Prenatal Complete

- Prenatal Complete with DHA is a comprehensive, hypoallergenic, prenatal multivitamin and mineral blend that provides high-quality nutrients plus high-concentration DHA to support each phase of pregnancy, from preconception to postnatal.

# Orthomolecular Viracid

- Viracid includes key nutrients, a synergistic blend of the botanical extracts, and with zinc to help keep the immune system functioning at an optimal level.

# Orthomolecular Vitamin D3

- Addition to supporting bone health, vitamin D has an important role cardiovascular health and immune function, and promoting an overall sense of well-being.

# Orthomolecular Liquid Vitamin D3

- In addition to supporting bone health, vitamin D plays an important role maintaining cardiovascular health and immune function, and promoting an overall sense of well-being.

# Ecological Formulas - Tri-Salts

- Contains nutritionally significant amounts of essential macrominerals calcium, magnesium and potassium as carbonates and bicarbonates without sodium / salts
- The minerals used are of usp grade quality and are well tolerated by the most sensitive individuals
- The tri-salts may be mixed with vitamin c crystals and the ph adjusted according to individual needs

# Genestra Brands Perilla EFA

- Plant-derived omega-3 and omega-6 fatty acids help maintain skin health
  - Provides 1,650 mg of ALA and 450 mg of LA per daily dose

# Genestra Brands Perilla Flax Oil

- Flax is a plant source of the omega-3 fatty acid alpha linolenic acid (ALA) and the omega-6 fatty acid linolenic acid (LA). ALA is metabolized to EPA and DHA.
- Recent research suggests that daily supplementation with flaxseed oil for eight weeks supports healthy levels of EPA and DPA, a DHA precursor and likely storage form of EPA.
- Fatty acids promote cardiovascular health and support optimal skin health and hydration. ALA may help to maintain platelet and endothelial cell function.

# Genestra Brands Digest Gluten Plus

- Robust protease formulation
  - Specifically degrades the gluten component of cereal proteins (in vitro) with protease enzyme mix
  - Supports digestive function
- Ideal for vegetarians
  - Convenient vegetable capsule format
